ISRI needs your company's permission before we can solicit your executive and administrative employees and stockholders to contribute to our Political Action Committee (ISRI PAC) as well as notify you about ISRI PAC's exciting activities and opportunities including special issue legislative briefings, exclusive meetings with members of Congress, and ways you can participate and help the scrap recycling industry achieve its legislative mission. Your signature on behalf of your company does not obligate anyone to contribute to ISRI PAC. However, your company may only authorize one trade association to solicit PAC contributions from your company's executive and administrative employees and stockholders per calendar year.

I hereby authorize ISRI PAC to solicit executive and administrative employees and stockholders of my company during the 2008 calendar year. My company has not provided similar authorization to any other trade association for the 2008 calendar year.
